

# BISTER CRAQUELÉ

CLASSIC - WET ON SEMI-DRY - BRUSH

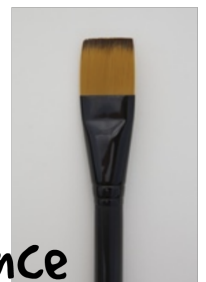

pour/spread an uneven layer  
of about 3 mm Powertex Ivory  
semi-dry with hairdryer (Hot) at 30 cm distance  
until you get a kind of 'yellowish skin' (Vanilla pudding)

pour Powertex Brown Liquid Bister in a tray

dip a clean damp flat brush into it  
carefully & slightly apply/spread it  
over the semi-dry layer =

float with your wet bister brush  
without putting pressure onto it  
avoid making lines - spread unevenly  
frequently redip brush into the bister  
dry carefully with hairdryer (hot)

holding it straight down and @ 30cm distance  
steadily crackles will appear
